

## Alphabetical Index

of the Ukrainian Mathematical Journal, vol. XII, 1960

	No. Page
Berezansky Ju. M., über Randaufgabe von Dirichlet Typus für Schwingungsgleichung der Saite	4—372
Berezovsky A. A., Integro-differential Equations of the Non-linear Theory of Depressed Thin Shells	4—380
Bondarenko P. S., New Method for the Numerical Integration of Ordinary Differential Equations	2—130
Borawljow A. F., Die Kurven der unveränderlichen Krümmung von projektiven Standpunkt aus	1—390
Feshchenko S. F. and Shkil N. I., An Asymptotic Solution of a System of Linear Differential Equations Having a Small Diameter with Derivatives	4—438
Filchakov P. F., Hydrodynamic Calculation of Drained Aprons. II. Application of the Method of Successive Conformal Mappings	4—162
Gavelya S. P., On Solutions of Linear Elliptical Systems of Differential Equations with a Discontinuous Free Term	3—235
Glushkov V. M., On an Algorithm of Synthesis of Abstract Automats	2—156
Kats G. I., Distributions on a Hilbert Space	1—24
Kolomytsev V. I. and Petrina D. Y., On a Supplement to the Theorem of Bogoliubov-Vladimirov	2—169
Kovalchik I. M., Some Transformations of Multiple Weiner Integrals	1—31
Kovantsov N. I., On a Projective-differential Class of Congruences	3—257
Luchka A. Y., Approximate Solution of Fredholm Integral Equations by the Method of Averaged Functional Corrections	1—45
Lykova O. B., On Certain Properties of the Solutions of Systems of Nonlinear Differential Equations with Slowly Varying Parameters	3—267
Maryanovich T. P., Generalization of Erlang's Formulae in the Case When the Lines May be Broken and Renewed	3—279
Mitropolsky Y. A. and Lykova O. B., On Periodic Solutions of Nonlinear Equations with a Small Parameter	4—401
Pakhareva N. A. and Lyashko I. I., On the Solution of Filtration Problems by the Method of Majorant Regions	4—111
Parasvuk O. S., On Bogoliubov's Theory of R-Operation	3—287
Polozhy G. N., On a New Method of a Numerical Solution of Boundary Problems for Elliptical Differential Equations	3—308
Popov G. Y., On an Integro-Differential Equation	1—54
Remés E. J., Sur la méthode des interpolations tchebycheviennes successives et sur diverses variantes de sa réalisation	2—180
Remés E. J. et Gavrilyuk V. T., Élaboration de quelques procédés de calcul pour la construction approximative des solutions des problèmes tchebycheviens à paramètres entrant non linéairement	3—324
Schestopal A. F., Anwendung der Operationsberechnung zu einigen Problemen der dünnen, zylindrischen Schalen	1—71
Shtokalo I. Z., On the Calculus of Operations	1—78
Skorobagatko V. Y., Theorems on the Inner Diameter and Their Application to Some Systems of Differential Equations of Nuclear Physics	4—68
Sokoloff G., Sur l'application de la méthode des corrections fonctionnelles moyennes aux équations du type parabolique linéaires par rapport aux dérivées	2—195
Vladimirov V. S., On the Double Spectral Representatives of the Fourth-order Feynman Amplitude	2—146

<b>Yakhnin B. M.</b> , On the Residual Terms of Expansions into Fourier's Series by Jacobi Polynomials of Functions, the $r$ -Order Derivative of Which Satisfies Lipschitz's Condition	2—204
<b>Zarovny V. P.</b> , Interpretation of the Plane Axioms of Euclidian Geometry in an Abstract Group I	1— 12
<b>Zarovny V. P.</b> , Interpretation of the Plane Axioms of Euclidian Geometry in an Abstract Group II	3—244
<b>Zhautykov O. A.</b> , Statement and Solution of Boundary Problems for Infinite Systems of Ordinary Differential Equations	2—164

#### Brief Notes

<b>Berezovsky A. A.</b> , On the Motion of a Load on a Depressed Shell	1— 79
<b>Breus K. A.</b> , On a Class of Linear Differential Equations with Periodic Coefficients	4—463
<b>Chulich A. G.</b> , On Certain Relationships for Numerical Functions	3—354
<b>Derkach P. Kh.</b> , On an Application of Legendre's Polynomials	4—466
<b>Hopenhaus I. E.</b> and <b>Rabinovich A. A.</b> , On a Relationship in the Theory of Uniform and Integral Approximations	3—339
<b>Korolyuk V. S.</b> , On the Asymptoticity of Solutions of Difference Approximations with a Small Parameter	3—342
<b>Kovalenko I. N.</b> , Investigation of a Multilinear System of Service with Lines and a Limited Stay in the System	4—471
<b>Lapushkin I. T.</b> , On the Solution of Difference Approximations of Biharmonic Functions by the Method of Successive Approximations	3—346
<b>Malchenko V. I.</b> , On the Inverse Problem for Quantum Mechanics Equations	1— 93
<b>Nizhnik L. P.</b> , Problem of Dispersion for a Schrödinger Equation	2—209
<b>Ogurtsov N. I.</b> , On Topological Subgroups on the Interval	2—212
<b>Petrina D. Y.</b> , Solution of the Inverse Diffraction Problem	4—476
<b>Prokopenko L. N.</b> , Inequalities for a Laplace Operator in an Unlimited Region	4—479
<b>Rozovsky M. I.</b> , On a Non-linear Integral Equation	1— 96
<b>Senik P. M.</b> , Asymptotic Integration of Nonlinear Autonomic Systems with Many Degrees of Freedom in the Region of Internal Resonance	3—349
<b>Shafeyev M. N.</b> , On Functions of Two Complex Variables Analytical in a Hypersphere	1—101
<b>Sharkovsky A. N.</b> , Necessary and Sufficient Conditions for Convergence of Monomeric Processes	4—484
<b>Simonov N. I.</b> , On the Necessary and Sufficient Conditions for Selective Invariantness	2—219
<b>Skorobogatko V. Y.</b> , Factorability of a Differential Operator and a Theorem on Differential Inequalities	2—215
<b>Timan M. F.</b> , Remarks on the Transformations of Multiple Sequences	1— 99
<b>Vakarchuk B. S.</b> , On Spherical Representation of Curves and Surfaces in a Lobachevsky Space	1— 87

#### Anniversaries

<b>Bogoliubov N. N.</b> and <b>Mitropolsky V. A.</b> , Nikolai Mitrofanovich Krylov (on the 80th anniversary of his birth)	2—205
<b>Shtokalo I. Z.</b> , <b>Mitropolsky Y. A.</b> and <b>Fitchakov P. F.</b> , Mikhail Alexeyevich Lavrentyev (on his sixtieth birthday)	4—490

#### Criticism and Bibliography

<b>Mitropolsky Y. A.</b> , <b>Shtokalo I. Z.</b> , Linear Differential Equations with Variable Coefficients (asymptotic methods and criteria of stability and instability of solutions)	4—492
<b>Sakovich G. N.</b> , List of Books and Articles on Mathematics Published in the Ukraine in 1956—1957	1—107
<b>Sakovich G. N.</b> , List of Literature on Mathematics Published in the Ukraine in 1958—1959	2—226
<b>Sakovich G. N.</b> , List Books and Articles on Mathematics Published in the Ukraine in 1959—1960	4—494
